**ARTS** BROCHURE

## School of Arts & Humanities

School of Arts & Humanities is committed to achieve the objectives of Higher Education; Pedagogy, Extension, Application, Research and Learning. All the languages have their own beauty and vibrancy. While the Indian languages are presented in their historical and cultural form, the foreign languages provide all the cross cultural nuances to students on the threshold of geographical and professional mobility.

In order to redefine the role of second language in the curriculum of higher education, the School has moved from just the study of 'second language' to the study of language, literature and culture. The curriculum includes art forms like music, theatre, painting, sculpture and films to introduce the students to the five decade old Indian civilization and culture.

## Department Overview

Department offers Graduate and Post-Graduate Programs in English Literature, Hindi Literature, History, Psychology, Sociology, Political Science, Economics, Geography, etc. These courses have been designed methodically to provide rigorous knowledge of subjects to students as well as to enhance their critical and analytical abilities. It is continuously upgraded to incorporate the innovations and best practices from national and international universities.
